

## HOW TO: Connect to eduroam on Linux Machines

Article Number: 137 | Last Updated: Wed, Sep 28, 2022 at 2:07 PM

**HOW TO CONNECT TO EDUROAM ON LINUX MACHINES** These instructions assume the Ubuntu desktop shipped with many common Linux distributions. When asked for your credentials provide your **username@clemson.edu**. Your password is your normal password used for Canvas and iRoar. Open the **System** menu. Select **Wi-Fi Not Connected**. Select **Network**. Click on **eduroam**. In the **Authentication** drop-down menu, select **PEAP**. Check the **Certificate box** and put in **Clemson username@clemson.edu** and your **Clemson password**. After these settings are configured, you should be able to connect by clicking on **Connect** in the following dialog. In the future, you can connect via the **Network Manager** icon in the taskbar.

If you have more questions, email [ITHELP@clemson.edu](mailto:ITHELP@clemson.edu) or call 864-656-3494.
