238 KB Admin April 10, 2015 [Printing & Plotting](#)

There is no direct access to plot jobs once they have been submitted but if you submitted a plot in error or otherwise wish to cancel it, please call Printing & Plotting immediately at (864) 656-4766 to delete the job. If we do not hear from you or your job is printed before you contact us, then your account will be charged for the plot.
