Configuring HyperWorks Licensing

HyperWorks requires an environment variable be set to point the client install to the appropriate license server. In Windows, open the **System Properties** dialog.

Add the environment variable ALTAIR_LICENSE_PATH using the location of the appropriate license server location in the format below.

The Automotive Engineering (Venhovens) licenses are hosted at:

28055@license7.clemson.edu

The Mechanical Engineering (Li) licenses are hosted at:

6200@license5.clemson.edu 6200@license6.clemson.edu 200@license8.clemson.edu
