Â Transferring information from account such as Hotmail/Yahoo/other Gmail, etc. account to Google Apps for Education Account To transfer information from one account to another, users can either manually forward individual messages to Google Apps for Education accounts or perform a bulk merge. NOTE: CCIT does not currently recommend or support the merging of Google Apps for Education accounts with other accounts, such as Hotmail, Gmail, Yahoo, etc. If you choose to use [Google's Mail Fetcher service](#), you run the risk of your personal account being locked for excessive traffic.
