

## **OVERVIEW: Existing email forwards when activating Google Apps for Education account**

446 Christopher Nixon September 13, 2016 [Email and Messaging](#), [Gmail](#), [Google Apps](#)

Existing email forwards when activating Google Apps for Education account

All new mail sent to your @Clemson.edu address will automatically forward to your new Google Apps for Education address. If you would like to forward mail sent to your Google Apps for Education account to an outside account (e.g. Hotmail, Yahoo, Gmail), change your account settings.

NOTE: Do not forward mail from your Google Apps for Education account to your @Clemson.edu address.
