# HOW TO: Connect to eduroam using Windows 8

479 Ryan Real December 12, 2016 [Network, Phones and Cable](#)

1. If you are in Metro Mode, click the Desktop tile.
2. Then in the Windows taskbar click on the **Network** icon.

3. The **Networks** Panel will appear on the right side of the screen.
4. Click the **eduroam** network.

5. Select the **Connect Automatically** checkbox then click **Connect**.

6. Enter your **username@clemson.edu** and your network **password**.
7. Then click **OK**.

8. Click **Connect.**

9. You are now connected to eduroam.
