

Microsoft Word Hyperlink Error: NoSuchFlowExecutionException

Article Number: 581 | Last Updated: Wed, Aug 16, 2017 at 11:46 AM

If you find that clicking directly on hyperlinks from a .docx file are not working correctly and you are getting error messages, firstly, check if manually copying and pasting the link will work.

If so, then it is not an issue with the link itself but rather an issue with how Microsoft Word handles links. The workaround to fix this issue can be found here:

<https://support.microsoft.com/en-us/help/218153/error-message-when-clicking-hyperlink-in-office-cannot-locate-the-i>
