To reset the network settings in Apple iOS, please follow the steps below:Â

Sometimes it is necessary to perform a complete reset of network settings on an iOS devices (including iPhones and iPads). This will remove all remembered networks but ensure that there are no incorrect settings saved.Â Open theÂ **Settings**Â app. Click onÂ **General.** ScrollÂ down toÂ and select **Transfer orÂ Reset iPhone**. Select **Reset**. ChooseÂ **Reset Network Settings**. The reset is complete.Â New networks can now be set up.Â
