

OVERVIEW: Persistent Image Windows Update Schedule

648 Sam Beckler January 14, 2021 [Installation](#)

Microsoft releases Windows updates on the second Tuesday of every month. Citrix VDI persistent images will be week of fourth Tuesday according to the VM number at the end of the name. For example ctx-vm-img-01 would be patched Monday at 2am. The updates are made available and can be installed manually from Software Center any time after Sunday 10am.

	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
2am		X1	X2	X3	X4	X5	X6
5am				X7	X8	X9	X0
