Canvas: Courses not on dashboard

Courses will appear as course cards on your dashboard. If you do not see a course, you can access the course and make it a favorite.

1. In the Global Navigation Menu, click Courses.
2. Click the All Courses link at the bottom of the course list.
3. You will now see a list of all present, future, and past courses.
4. Click on the star icon next to any present or future course to favorite the course. It will now appear on your dashboard. Click on a starred course and they will be unfavorited and will not appear on your dashboard.
